**INFORMATION FOR OAK HILL HOME OWNER**

Please see attached list.

The following list of colors, by number, for Sherwin Williams and Benjamin Moore paints has been approved by the OHHOA for use on the main body of homes on Belfry Place. Trim colors have not been selected as it is expected they will be coordinated with the color chosen for the main body of the house. By choosing one of these colors, however, the home owner must still follow the process and fill out the appropriate Architectural forms and submit the numbers (#) along with the paint chips for house color and trim for committee and board approval.
