

BAYTOWNE

BANTER

QUARTERLY NEWSLETTER SUMMER/FALL

Hello Everyone!

Our summer in Florida is winding down and so far, so good – no hurricanes! We still have a few months of hurricane season left – keep your fingers crossed!

The Baytowne Board has been active all summer and a few positive changes have been done.

- The pool has been completely re-done and looks beautiful! The whole area surrounding the pool has been re-landscaped, the pool deck and restrooms have been painted. Pool furniture has been upgraded and it's ready for a party! A big kudos to our President, Jean Grebinar for overseeing the project!

- Our Long-Range Planning Committee is hard at work on Baytowne's future.

- The Road Committee has been active and will have some informational mailings out in the future.

- Let's go GREEN! For those residents that don't recycle and are interested in bins, please call SWA at 697-2700. For those residents that recycle, THANK YOU for helping the environment. Wouldn't it be great if our street was 100% recycling?

- Board meeting minutes are available on line. You can access the minutes on the Bristol Management website www.bristolmanagement.com go to Baytowne under Associations.

- Please make an effort to park all of your vehicles in your garage and keep your garage doors shut.

- Interesting news can be sent to: Stacey Stack at msstack@msn.com
