

Rules and Regulations
Of
THE JUPITER DUNES CONDOMINIUM “A”
ASSOCIATION, Inc.
(A Florida Corporation Not for Profit)

NOTE: Unless otherwise stated, all terms used herein shall have the same meanings respectively ascribed to them in the Declaration of Condominium of the Jupiter Dunes Condominium “A.”

PART I – REGULATIONS

- A. Alterations to units involving the Common Elements or the Limited Common Elements must be approved by the Architectural Committee. Applications for approval must be submitted in writing to the Architectural Committee. The request must be accompanied by a drawing or plan sufficient for the Committee to understand the proposed alteration along with the name, address, and telephone number of any contractor engaged to perform the alteration. If deemed to be in conformity with the Architectural Standards of the Condominium Association, the Architectural Committee will recommend final approval by the Board of Trustees.
- B. No modifications to the landscaping are permitted without the approval of the Landscaping Committee. If any Owner desires to plant, at his own cost and expense, any additional trees, shrubs, or plants outside his unit upon any portion of the Common Elements or Limited Common elements, the Unit Owner may only do so with the prior written consent of the Board of Trustees and in accordance with the Landscaping Standards of the Condominium Association. If approval for such plantings is granted, the Condominium Association will not be responsible to replace any such additional plantings. Also, if such plantings materially increase the Condominium Association’s maintenance costs, the particular Unit Owner will be responsible to reimburse the Condominium Association for such increased cost. Applications for approval must be submitted in writing to the Landscaping Committee. The request must be accompanied by a drawing or plan sufficient for the Committee to understand the proposal along with the name, address, and telephone number of any contractor engaged to perform the work. If deemed to be in conformity with the Landscaping Standards of the Condominium Association, the Landscaping Committee will recommend final approval by the Board of Trustees. Because the common areas are under the exclusive control of the Association, any trees or shrubs planted by a Unit Owner in the Common or Limited Common Areas must be donated to the Association. Any flowers planted by a Unit Owner must be mulched and maintained by the Unit Owner.

PART II – RULES

1. Common Elements or Limited Common Elements shall be used exclusively for ingress to or egress from the Units. By way of illustration and not limitation, no baby carriages, shopping carts, bicycles, toys, trash cans, garbage cans, or other articles will be allowed to stand in said areas nor shall children be permitted to play or loiter in or on said stairways, sidewalks, corridors or landings. Lightweight chairs and tables are permitted on the paved surface in front of the lower unit's second bedroom. Upper level Unit Owners may place light weight chairs or benches on the upper landing adjacent to their entrances, but they may not be placed within 5 feet of the stairs.
2. Children shall not be permitted to play on or about the walkways, roadways, or parking areas situate upon the Condominium Property.

The toilets, sinks, garbage disposal units, baths, showers and other water apparatus within the Units shall not be used for any purpose other than that for which intended, and no sweeping, rubbish, rags or any other improper articles shall be deposited into the same.
